## **EMULATE CHRIST IN WORDS AND DEEDS --DARAMOLA TELLS FUTA CHRISTIAN COMMUNITY**

The Vice Chancellor, Professor Adebisi Daramola, has enjoined members of the FUTA Christian Community to demonstrate the teachings of Jesus Christ by becoming harbinger of peace and joy wherever they find themselves as they commemorate the birth of the founder of Christianity. Professor Daramola stated this in a Christmas message to commemorate the 2015 Yuletide. He said since the coming of Christ heralded joy, hope and peace members of the community should also engender these virtues in their day today interactions with one another and in their words and deeds. Professor Daramola said that they should be conscious of the fact that the period is not just about merriment but one that calls for sober reflection on the place of sacrifice and humility in daily life as exemplified by Christ.

‘We should emulate Jesus Christ’s life of peace building, humility, service and self-sacrifice. We should also use this period to pray for our country and institution and also remember the less privilege by sharing the joy of the season with them’ , the Vice Chancellor said. Professor Daramola wishes the generality of members of the FUTA Community a merry Christmas and a restful and peaceful holiday.
