## FUTA Departments/Units Get Utility Cars

In a bid to increase productivity, effectiveness and smooth running of the University, the Vice-Chancellor of the Federal University of Technology, Akure, Prof. Adebisi Daramola, recently commissioned ten (10) cars which were distributed to some departments and units in the University. Commissioning the cars, the Vice-Chancellor said “I thank God that the needs of some departments and units for utility cars are met at last. This will in no small way increase their productivity.” He added that the vehicles are meant only to shuttle within the school and Akure metropolis. He said the second phase of the distribution would be carried out when the University takes delivery of the second set of vehicles.

The beneficiaries of the brand new Suzuki cars include the School of Postgraduate Studies, Security Unit, Bursary, Registry, Centre for Entrepreneurship, Vice-Chancellor's office, Internal Audit, Student Affairs.
