FUTA will Continue to achieve Soar away Success ---KUMUYI

The General Superintendent of the Deeper Christian Life Ministry, Pastor William. F. Kumuyi has said that the Federal University of Technology, Akure, FUTA will continue to be unique and achieve great success in all its endeavours because the management, staff, and students have continued to rely on God for sustenance. The man of God said this at a special program tagged 'Morning of Divine Visitation' which held at the new auditorium of the University on Friday April 11, 2014. He admonished the congregation which included principal officers, staff and students of the institution to continue with their devotion to God who has the power to grant success to those who seek and rely on him. Pastor Kumuyi who took his exhortation from the book of John Chapter 12 verses 20 and 21 charged all present to come to Jesus to be saved, confide in him to be healed and continue with him to be Triumphant in life. He said there was no help elsewhere except in God who has the ultimate power to grant the grace that leads to good success. . The Cleric urged the students present to always ensure that they make God their mainstay and He will surely make them successful. "I gave my life to Jesus Christ in 1964 and God has continued to make me the best in all that I do, if you do the same the Lord will grant you success and make you the best you can be in your studies and other endeavours" Pastor Kumuyi said.

Pastor Kumuyi described his visit to FUTA as divinely arranged as he had always looked forward to the visit whenever he was passing through the Akure axis. The Cleric prayed that the University will continue to be first, unique, tower in all activities and gain high altitude in all its endeavors.

In a brief remark at the event the Vice-Chancellor, Professor Adebisi Daramola, thanked God for making the visit possible and concurred with Pastor Kumuyi that the event was by divine arrangement. He said the programme will mark the beginning of better things in the University.

Pastor Kumuyi was accompanied to FUTA by his wife, Esther and a cross section of the leaders of his church.
