LAFE BECOMES EDITORIAL BOARD MEMBER OF INTERNATIONAL ENERGY JOURNAL

In recognition of his valuable expertise and versatile experience in Renewable Energy, the International Journal of Energy and Water Resources (IJEWR) has appointed Professor Olurinde Lafe, Director, Centre for Renewable Energy Technology (CRET) of the Federal University of Technology, Akure as a member of its Editorial Board. Conveying the appointment to Lafe, M. Abbaspour, Professor and Dean, Graduate School of the Environment and Energy Science and Research Branch, Islamic Azad University (IAU) Tehran, Iran and Editor-In-Chief, IJEWR, wrote “the Editorial Board has selected you on the basis of your proficiency, eminence and recent contributions to help in improving the publication quality in IJEWR which is on Open Access Journal covering all disciplines of Sciences related to ‘Water and Energy’.

Congratulating professor Lafe on the new addition to his scholarly feats, the Vice-Chancellor, Professor Adebisi Daramola expressed FUTA’s delight in the appointment and said it is a confirmation of the recognition of the University as the Centre of Excellence in Scholarly Activities and Manpower Development among Universities of Technology in Nigeria. Daramola wishes Lafe a successful tenure as member of the Editorial Board of the Prestigious Journal urging him to continue to keep the flag flying in the upliftment of the Institution.
