TIPS FOR LIFE AFTER SCHOOL

Lady Deborah Jibowu Hall of Residence, Federal University of Technology, Akure recently organized a send forth for 500 level students of the Hall. Speaking at the occasion on the topic “**Life after School**”, Permanent Secretary, Ondo State Ministry of Women Affairs and Social Development, Mrs. Foluke Owoseeni, urged the students to adopt a positive attitude to life as this “is a sure road map to success”. According to Mrs. Owoseeni, life sometime happens in the wrong order, but she said the students should make the best use of whatever comes their way positively in order to achieve set objectives. She however advised the outgoing students to fear God in all they do and continue to be godly in whatever they become in later in life.

In her speech, the Hall Warden, Dr, Ibironke Okunlola congratulated the out-going students for the successful completion of their studies. She encouraged them to improve on their tolerance in order to foster good interpersonal relationship among different categories of people in the society. The Guidance Counselor in the Hall of Residence, Mrs. B. Owele, counseled the out-going students on the need to have a mentor after graduation. This, she said will serve as a compass as they navigate their way through the larger society.

During an interactive session, the celebrants took turn to thank God for sparing their lives for the past five years while studying in FUTA.

At the end of the programme, certificates of honour were presented to the former Hall Executives while different gifts were given to worthy ambassadors of the hall.
