## FRUITS OF INTERNATIONALIZATION

The Deputy Vice Chancellor Academic , Professor Olatunde Arayela and the Director International Office, Professor Akintunde Akindahunsi with FUTA students who recently graduated from the Florida Agricultural and Mechanical University , FAMU Tallahassee , United States of America. The Professor Adebisi Daramola led administration as part of the internationalization drive initiated collaborations with leading Institutions and organizations nationally and globally. This initiative has benefited staff, students and the University. By 2015 the second set of students of FUTA to benefit from the Institution's collaboration with the Florida Agricultural and Mechanical University had left for their Florida based Institution. Under the terms of the agreement, selected FUTA students would complete the final year undergraduate programme in FAMU to obtain a FUTA degree while they will be eligible to proceed to their Masters programme in FAMU under a scheme known as 4+1+1.
